Barringer Salutes New

The State of New Jersey is celebrating its three hundredth anniversary of the founding of this state by Lord John Berkeley and Sir George Carteret in 1664. The January Class of 1964 is proud to salute our Garden State in this edition of the Athenaeum. We are particularly pleased to join in this statewide celebration, because Barringer High School has played such a significant role in the history of this state. For, Barringer was the first public high school in the state, and third in the nation to be established. Many of our alumni have added luster to the accomplishments of the state.

We are happy to live in New Jersey. We find its climate varied, bracing, and invigorating. The countryside is arresting and always attractive. New Jersey has everything—mountains, valleys, low lands, marshes, and a fabulous shoreline. Fresh water and salt water are never far away. The New Jersey beaches are the world's finest. And most Jersey natives are beachcomers at heart. The sunsets off the coast are magnificent.

New Jersey is a prosperous state with an expanding and diverse economy. Industry, farming, resorts, and commerce provide ample employment and wealth opportunities. This state boasts of an excellent school system, and its colleges are illustrious. Its people are politically mature, independent, and persistently liberal. New Jersey is in the forefront of the progressive states in the Union. New Jersey is a vital and dynamic state that is quickly girding itself for the growing pains of the next 300 years.

RICHARD J. HUGHES
GOVERNOR

I am grateful for this opportunity to extend a cordial greeting to the students at the Barringer High School, especially the members of the Class of 1964.

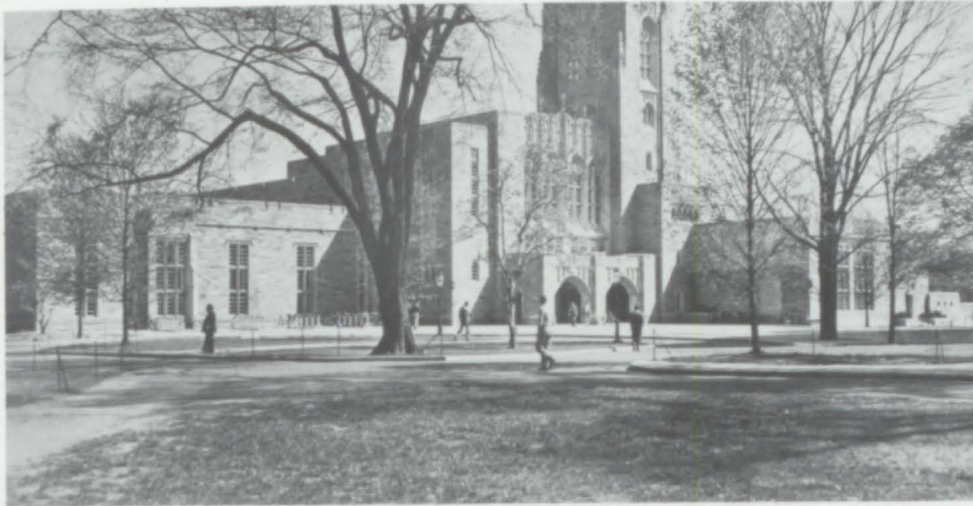

As we approach New Jersey's tercentenary observance, I should like to express the hope that the 300th anniversary of our great State will mark the beginning of a prosperous future for all of you and there is no doubt in my mind that you will make invaluable contributions to the greater New Jersey of tomorrow.

With warmest regards.

DEDICATION: WE HONOR A GREAT MAN

Gone from the Earth. But Alive in Our Hearts and Minds

JOHN FITZGERALD KENNEDY

President of the United States

May 29, 1917 - November 22, 1963

The January class of 1964 mourns the death of our beloved President and inspiring leader. He was aware of the problems of our age and their dire consequences. His historical sense, rhetoric, balance, and quick intelligence charted a positive and constructive course for this country. He imbued the youth of the nation with a sense of duty and purpose.

Excerpts from His Inaugural Address

"Now the trumpet summons us again—not as a call to bear arms, though arms we need—not as a call to battle, though embattled we are—but a call to bear the burden of a long twilight struggle, year in and year out, 'rejoicing in hope, patient in tribulation'—a struggle against the common enemies of man: tyranny, poverty, disease and war itself . . .

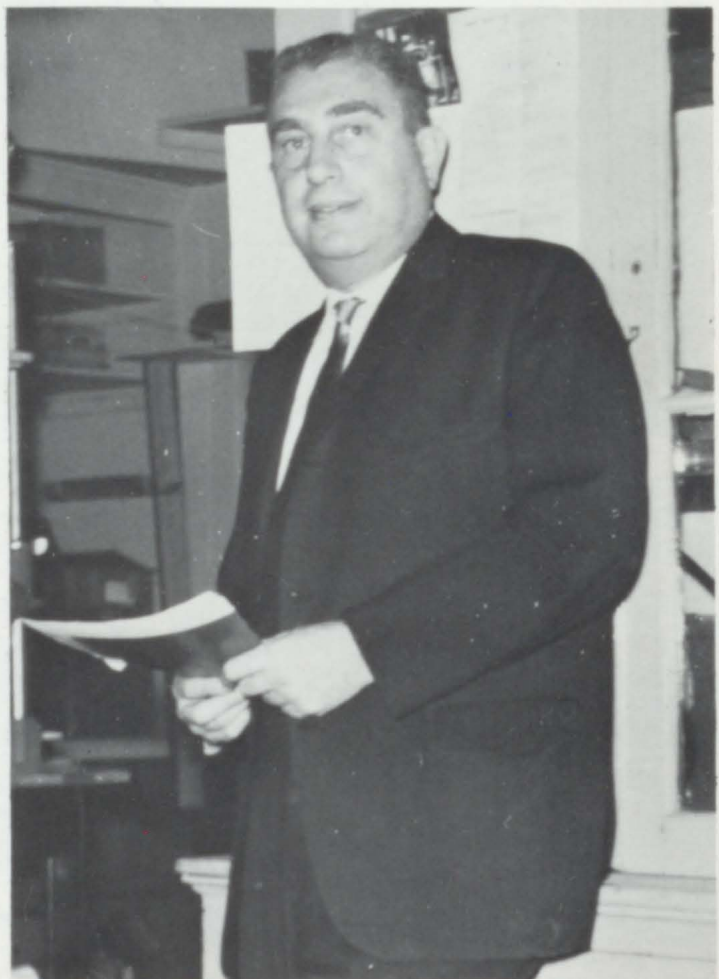

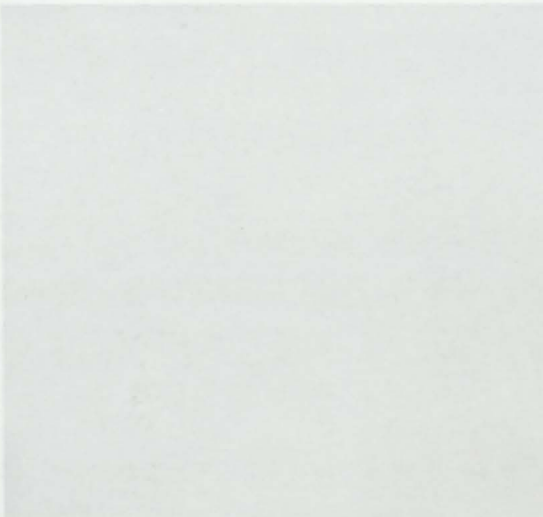

In the long history of the world, only a few generations have been granted the role of defending freedom in its hour of maximum danger. I do not shrink from this responsibility—I welcome it. I do not believe that any of us would exchange places with any other people or any other generation. The energy, the faith, the devotion which we bring to this endeavor will light our country and all who serve it—and the glow from that fire can truly light the world . . .

With a good conscience our only sure reward, with history the final judge of our deeds, let us go forth to lead the land we love, asking His blessing and His help, but knowing that here on earth God's work must truly be our own."

Those Who Lead!

The vivacious Mrs. Madeline Janone, senior guidance counselor, consults with the continental Mrs. Lena Alvarenga, senior class adviser, about the graduation list.

Mr. Herman Schwartz, the iron man and senior adviser, prepares graduation program.

Seniors Enjoy New Jersey
